Larry Stanley, Connie See, Fire Chief Chad Hupfeld and Ross Hartwig were present to discuss the request from Mr. Stanley to have a controlled burn taking down his house at 514 E Oak. The house was destroyed by a fire. It was discussed that an asbestos report was taken and there is no asbestos in the house. Hupfeld discussed that the fire department can do the burn and did get a couple of other verbal oks from adjoining property owners. Schnathorst asked what was going to happen to the house after the burn. Stansberry stated that the hole could not just be filled in with the debris that it would need to be removed. It would then be up to the property owner to remove the concrete and remaining debris. She also asked if there was insurance coverage to remove the debris. Mr. Ross was concerned because there is only 18' 3" from the side of his home to the side of the house.	

Ross talked that he would like to see part of the west side knocked into the basement so that it wasn't so close to his home.
Council also asked about the electric/gas meter and if that has been removed. Questions arose if something went wrong with the burn that is liable? Council did not make any decisions at this meeting. They requested additional information as it relates to Alliant Energy, clean up insurance and liability. It will be further reviewed at the September meeting.
Jordan Hoy, BCERT Captain, talked about needing steering and alignment repairs for the ambulance. It needs to have a couple of repairs before the alignment can happen. Schnathorst made a motion to approve the repairs which was seconded by Dinsmore. Motion approved 5-0.
Schnathorst made a motion and was seconded by Kuhl to adjourn the meeting. The meeting was adjourned at 7:13 pm.
